- Please continue to support your child's reading at home.– new flashcards and reading book have been sent home.
- 27.5.22– INSET day

Word of the week

plants

Star of the week: Kaiden.

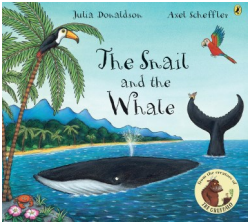

### Our Learning

#### English

This week in class, we have continued to explore our story – The Snail and the Whale.

We took part in a story sensory circuit and created whale silhouettes using pastels. We also looked at the who was involved in the different events. Finally, we thought about how the characters were feeling throughout the book.

Next week, we will look at adjectives and verbs. We will describe the characters and look at what they are doing.

#### Mrs Toland's maths

This week, we have been using the crossing out method to subtract numbers under 20. Next week, we will be using number lines to subtract.

#### Miss Hall's maths.

This week, Miss Hall's maths group have been using column subtraction to subtract ones from a 2-digit number with exchange. Next week, we will continue to use column subtraction to subtract two 2-digit numbers.

#### Afternoons.

This week, we have continued our Science topic all about plants. We labelled the different parts of a plant and looked at their function. We also planted our own flowers and will watch them grow over the next few weeks.

Next week, we will take part in a plant scavenger hunt to see which plants grow in our school and we will look at the parts of a tree.
