

## Peek at the Week

### Year 2– 6th January

#### Our Learning

The children are settling in well back at school and we have been working really hard in Maths on adding two digit numbers. Some of the children have forgotten how to add two digit numbers on a number line while they have been on holiday. It would be really helpful if your child could practise adding two digits on a number line at the weekend to help them. They need to remember to write the bigger number on the line, add the tens and then the ones. If your child is struggling with this, maybe you can support them by thinking about what number comes before and after a two digit number then extend to think about ten more and ten less. This term, we are going to be learning about Growth. It would be fantastic for the children to start thinking about how plants grow and maybe they could plant something at home when the weather starts to get a bit warmer. In English, we are going to be looking at the story, The Secret Sky Garden.

#### Important Dates / Reminders

Children should complete one piece of homework each week from their new Spring 1 Homework Menu.

Spelling test is on a Friday.

Please remember that children need to wear P.E uniform every Wednesday and if they are doing a club after school then they need to bring their P.E uniform in a named bag on the day of the club.

Children should only have water in their water bottle for school.

Star of the week

This will start next week.
