### Our Learning

**This week**, the children have been writing their Vlad stories, they have enjoyed setting the scene and introducing their two main characters. If the children are doing writing at home, it is really important that they say their sentence out loud before they write it down to make sure it makes sense. In maths, we have been skip counting in 2s, 5s and 10s. In science, we have been thinking about whether different materials can be folded, twisted and stretched.

**Next week**, the children are going to be continuing to write their Vlad stories and including the main events of The Great Fire of London. In maths, we are going to be learning the number bonds to 10 and then applying this to solve calculations with missing numbers. It is also going to be a very exciting day on Thursday when the firefighters visit us!

Please remember to bring in small cardboard boxes to make houses on Wednes-
