### Our Learning

#### English

This week we have begun to plan our own holiday brochures about a Stone Age settlement and to inspire us, we have looked at a brochure from an imaginary hotel. In our own writing, we have used noun phrases and alliteration to describe the exciting amenities at Skara Brae.

#### Maths

Our magnificent mathematicians discovered and explored different ways they could divide and multiply in 3s and 4s including consolidating their learning of the 3 and 4 times table. They also analyzed patterns, worked on some number problems and compared statements (greater than, less than and equal to).

#### Geography

This week we have learned what a river is and we have enjoyed using atlases to investigate the main rivers of the United Kingdom. We have also explored the features of the coast.
