

Peek at the Week

Year 3 – 6th May 2022

Important Dates / Reminders

Puzzle workshop company–17th May

Ancient Greek dance workshop–18th May

End of term–26th May–Jubilee celebrations

Inset day–27th May

Requests

We have some requests. Please can you ensure that your child has a piece of fruit every day for snack time. The year group do not have lunch until 12.45pm which is a long time to wait to eat.

Also, as the weather is improving, please do send a named water bottle to school every day. There are facilities for the children to refill their bottle during the day. Please do send a named hat to school as well to use as protection from the sun.

We visit the library every Tuesday afternoon. Please encourage your child to bring their library books to school. They do not need to change their book every week if they have not finished reading their book.

Our Learning

English

In English we have continued reading our Greek myth, Theseus and the Minotaur. The children have been able to generate fantastic vocabulary to help write their sentences. Today the year group imagined they were in a labyrinth like Theseus. What an incredible experience for the children!

Maths

This week we have started our new unit on fractions. We looked at equal and unequal groups made from 6 and 8. If you get an opportunity to demonstrate fractions at home, please do so as this will help your child.

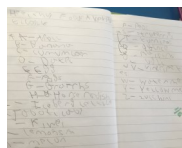

History

This week we learnt about the major city states in Ancient Greece including Argos, Athens and Sparta. We researched how the city states made their own laws and discussed the best form of government ie monarchy, oligarchy, tyranny and democracy. Guess which form of government the children liked the best?

Science

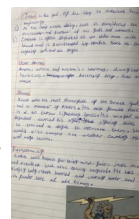

Our new unit is plants and growth. The children learnt about the major parts of a plant–the flower, the stem, the leaves and the roots. They investigated the role of each plant part. If you have plants at home, ask them to inform you what each part represents.

Ancient Greek homework grid

Some superb homework completed by children in the year group from the homework grid. Thank you to all the parents for your assistance with

homework.

Star of the week

Rashford: Prachi

Moore: Sarah

Wicks: Connor
