

# Peek at the Week Year 3 - 17th March 2023

# **Important Dates / Reminders**

- Parents evening—20th and 22nd March
  2023. Thank you for making your appointments. We look forward to discussing your child's progress with you.
- Hot shots day—24th March. A celebration of football at Priory School. Your child can come to school in football shirts/PE clothes. They will take part in a football skills workshop.
- Priory House Egg hunt—30th March. A house competition to celebrate the festival of Easter.
- Talent show—31st March. The acts going forward in year 3 to the talent show have now started their formal rehearsals. An omission was made last week with the gymnastics team—Emily will also be participating with Evelyn and Siena—Maria.

### **British Science Week**

Some pictures from our activities this week. Please see the newsletter for more information.

# Our Learning

## **English**

This week we have finished reading 'How the Stars came to be' by Poonam Mistry. The children enjoyed using the beautiful illustrations to predict the ending, then they created a story map to show the key events in the book. Next week, in preparation for planning their own stories, the children will be exploring a variety of pourquoi stories from around the globe.

### Maths

This week, our magnificent mathematicians have started learning all about Mass and Capacity. They have begun with using scales (to determine how much a section is worth) and measuring mass in grams.

Next week, they will be measuring and comparing masses (kilograms and grams), adding and subtracting masses, measuring capacity and volume in millimetres.

#### <u>Art</u>

This week we continued exploring the work of Gustav Klimt. The children were challenged to use colour, pattern and shape to create their own collage in the style of Klimt, ready to create a collage using textured surfaces.
