Our Learning

English

In English, the Sparrow has been telling the Happy Prince all about the beautiful things that await him in Egypt. On Tuesday we explored how the Pyramids were built and we worked in groups to build our own pyramids using a range of different materials. We are looking forward to finding out how our story ends next week.

Maths

This week, our Mathematicians solved questions involving related calculations and reasoning about multiplication. They gained experience of comparing multiplications to check which was greater, less than or equal to. The children have also learned to multiply a 2-digit number by a 1-digit number.

History

This week the children have used iPads to carry out their own research about different aspects of life in Ancient Egypt, such as mummification, food and farming and gods and goddesses. The children then used the facts they discovered to create some wonderful and very informative posters all about Ancient Egypt.

World Religion Day

On Friday it was lovely to see so many children wearing traditional national dress of their heritage. In Free Time Friday the children had the opportunity to make African jewellery, Caribbean fruit kebabs and elephant themed decorations..
