Good Luck Mrs Iqbal

Sadly, we have to say goodbye to Mrs Iqbal next week, but we wish her the very best of luck in her new school.

We hope you all have a lovely summer holiday.

Maths

This week, the children compared masses of different objects using grams and kilograms. They used units of measure to work out which object is heavier or lighter. The children have also begun to use their understanding of grams and kilograms to add and subtract quantities. This was a good opportunity for the children to practise their mental arithmetic skills.

RE

This week we started our Sikhism RE unit and the children enjoyed learning about the values of this religion. They explored popular Sikh stories such as the Milk and the Jasmine flower and they learnt the importance of sharing such as the Langar. The children also created a poster about the Khalsa and the 5Ks.

DT

In DT next week the children will be designing and making their own ancient Greek vase.
