

Peek at the Week

Year 3 – 27th January 2023

Important Dates / Reminders

- **3Moore swimming.** 3Moore will be swimming every Monday morning from 9th January 2023 to 13th February. Please see letter sent for the correct equipment to wear/bring. Please ensure your child has a swimming hat–this includes both girls and boys.
- Please **read** with your child every day and record the reading done in your child's reading record. Thank you for your support with this.
- A reminder that all children in year 3 need to bring in **fruit** and a **water bottle** on a daily basis.
- **Homework** is expected to be completed by all children. If your child is having difficulty understanding the homework, please encourage them to speak to their class teacher. Homework is due in every Friday morning and new homework is given out the same day.

THANK YOU

To all the parents that came to the learning together mornings last week. We enjoyed having you in our classrooms.

Our Learning

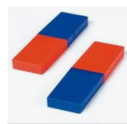

English

We have now come to the end of 'The Happy Prince'. What a sad ending it was! In our English lessons, we have explored the feelings and inner thoughts of the main characters in the story and we have used onomatopoeia to describe the sounds of winter. Next week we are looking forward to planning our own version of the story.

Maths

This week, our Mathematicians explored measurement in millimetres, centimetres and metres. They used the centimetre and metre rulers to distinguish between different types of measurements as well as measuring different types of materials. Also, they have predicted what the closest measurement an object could be.

Science

A different lesson than normal as the children used magnets to discover which materials/objects in the classroom were magnetic or not. They were fascinated learning about the North and

True or false

Magnets can attract wood and glass

The south pole of one magnet will attract the south pole of another magnet

Magnets can attract magnetic materials or push them
