27.05.24: May Half Term Holiday

Wc 03.06.24: MTC Check

Wednesdays: Wear the correct PE uniform.

Fridays: All homework due. Spelling test.

Our Learning

This week, in science, we identified and named the basic parts of a simple series circuit. We also create a circuit to light a bulb.

In maths, we learnt about how to make a whole with tenths and hundredths.

In English, we started exploring poetry. We used inspiration from Arthur and the Golden Rope to help us use poetic devices in our writing.

Next week, in science, we will be designing and building switches in a series circuit.

In maths, we will be continuing our decimals by learning how to partition, order, compare and round to the nearest whole number.

In English, we will be continuing with our poetry unit 'Hot like fire'. We will be exploring metaphoric language through different examples of poetry.

Year 4 Gallery:

PSHRE Focus: Relationships: In PSHRE this term, we will recognise situations that can cause jealousy in relationships and can identify someone we love and express why they are special to us. We will know how most people feel when they lose someone or something they love and can recognise how friendships change, knowing how to make new friends and manage fall outs. We will understand that some relationships are special relationships for when we are older and there is no need to feel pressured. Lastly, we will know that we can love and be loved by others.

Child of the week:

4 Redgrave: Zara **4 Simmonds:** Michelle **4 Farah:** Harvey

Remember to read 3 times a week and practise your timetables on Rockstar Maths.
