

Year 5 Peek at the Week

24th November 2023

Important Dates / Reminders

Christmas Fayre: Dec 2nd
International Disability Day 3rd Dec
Choir at St Peter's church 5th Dec
Christmas jumper day 7th Dec
Christmas door judging day 8th Dec
Christmas lunch 13th Dec

This week we learnt about mountains and how they are formed. We then recreated some of these mountain types using Lego.

Our Learning

This week, we continued exploring Vector Drawings in ICT and Mountains, Earthquakes and Volcanoes in geography.

In maths, we started our fractions topic and focused on finding equivalent fractions for non unit and unit fractions.

In English, we continued writing effective sentences for our speeches. Here, we have been using our knowledge of refugees to help structure our thoughts and ideas about refugeeism.

In PSHRE, we continued to look at cultural differences within the classroom and how we should be celebrating these differences rather than allowing them to cause conflict.

Next week, we will look at the features of blogs and create a piece of writing based on our imagined experience of surviving an earthquake. The children will then aim to publish these on a website.

In maths, we started our new topic of fractions this week. The aim of the week was equivalent fractions and strategies linked to them. Next week, we will continue focusing on fractions, and the various methods to convert, compare and order.

In English, we will be researching a topic for our speech on a societal issue such as homelessness, climate change or the right to education. We will then be writing our speech independently, using planned success criteria to structure our ideas.

Star of the week

5Dawe: **Cody** 5Maple: **Diana** 5Ofili: **Ananya**

Word of the Week: **convenient**

Remember to read 3 times a week and practise your timetables on Rockstar Maths and Doodle Maths.
